

Round Table Discussion:

"The Stories Behind the Medicinal Chemists in Industry"

Panelist:

Dr Nikolay Sitnikov (Nuvisan, Germany)

Dr Nikolay Sitnikov completed his PhD in organic chemistry at the Lobachevsky University in Russia in 2012 (synthesis of natural product analogues) before becoming research associate at the Department of Photochemistry and Spectroscopy, Lobachevsky University (NMR lab).

In 2013, he moved to Cologne University as Alexander von Humboldt Postdoctoral Fellow and joined the group of Prof H.G. Schmalz working on enzymatically degradable CO-releasing iron complexes

In 2015, he joined Grünenthal GmbH, an Aachen-based pain therapeutics company, where worked for >5 years as Laboratory Head, Medicinal Chemist and Research Project Lead

Since 2021, he works at Nuvisan Innovation Campus Berlin (as Senior Scientist Life Science Chemistry, providing medicinal chemistry support to projects across different therapeutic areas.
